

Kodak S2070 Scanner

Information capture at the point of entry

Robust desktop information capture,
delivered direct to your business processes

Simple information capture to streamline your processes

Digital transformation starts with information capture. Imagine document scanning that speeds and simplifies your business processes. The **Kodak S2070** Integrated Flatbed Scanners are built to let users capture information anywhere, with superior image quality and data accuracy. It's the perfect solution when you need to get information into your business processes quickly.

Faster, easier scanning leaves more time for business

The **Kodak S2070** Integrated Flatbed Scanners enhance your productivity by handling more of the work traditionally done by people, computers and mobile devices.

- Embedded Image Processing in the scanner delivers crisp, high-quality images without depending on your computer.
- Active Feed technology aligns the leading edges of pages to avoid misfeeds and multifeds, and Controlled Output Stacking places paper neatly in the output tray, so your team spends less time dealing with documents and more time on work that matters.

Document and information handling you can trust

Ensure reliable data quality at the point of capture through a combined approach of hardware and software technologies.

- Intelligent Exception Processing¹ handles immediate validation of forms so any missing information can be identified and fixed at the point of transaction.
- Intelligent Document Protection and multifeed sensor technology make scanning virtually jam-free and document-damage-free.
- Industry standard enterprise security protocols for scanning over networks protect document images and data in transit.

Capture that streamlines your business processes

Document capture integrates smoothly and conveniently into your normal workflow.

- Intelligent Barcode Reading produces the most accurate data extraction results and takes complexity out of document preparation.
- Eliminate complicated multi-step scanning processes with one-touch simplicity using Smart Touch technology.

- Mobile scanning enables your workforce to capture documents from their mobile devices or tablets.

Easy to set up, easy to use

An intuitive color interface and predefined job setups simplify the lives of users and network administrators.

- Predefined job setups let users change scanner configuration at the push of a button or by scanning auto-generated QR codes.
- Connect to various applications such as Dropbox, Salesforce, OneDrive, SharePoint, SharePoint Online, Box, Google Drive, and more.
- Network models, including wireless connectivity, enable multiple users to easily share scanners in a distributed environment.

Information capture that evolves with your business

The **Kodak S2070** Integrated Flatbed Scanners are designed to fit seamlessly into your business environment and adapt as your needs change.

- Integrate easily using our Web API, so no device drivers need to be installed on the host computer, tablet, or mobile device.

- 1 With scan speeds up to 70 ppm (140 ipm), this scanner is ideal for shared workgroups.
- 2 Handles up to 80 sheets (20 lb./80g/m²) of paper and also small documents such as ID cards, embossed hard cards, business cards, and insurance cards.
- 3 The 1.5" control panel screen is easy to read, with custom activity names and color icons that make scanning tasks quick and easy to select
- 4 Reduce host processing requirements with Embedded Image Processing.
- 5 Active Feed technology takes the worry out of document prep for small batches.
- 6 Controlled Output Stacking keeps documents neatly organized at output so you can focus on your customer.
- 7 **Kodak** Passport Flatbed Accessory and **Kodak** Integrated A4/Legal Size Flatbed Accessory plus **Kodak** A3 size Flatbed available for specialty media and for exception processing.
- 8 Perfect Page technology optimizes image quality dynamically on every image for more accurate information extraction.
- 9 Compact, robust scanner fits easily on desktops in modern office environments.
- 10 Network connectivity, including wireless, enables scanning to cloud and transactional web capture from business applications.
