Hard-working, easy-to-use software

Smart Touch:
Ideal for ad hoc document capture and output to a file, email, printer or MICROSOFT SHAREPOINT
• Bundled with select scanners from Kodak Alaris
• Output documents in a variety of file formats
• Easily configure locations, then scan with one touch

Kodak Capture Pro:
For departments that handle paper every day, Capture Pro is easy to use and easy to afford. Regardless of your size, Capture Pro quickly transforms the data in your documents into digital information that goes to work for you.

Kodak Info Input Solution:
Wherever your business needs to capture data, Info Input can be there. Learn how to connect people, documents, processes, and systems across the enterprise—all while simplifying life for IT and adhering to compliance and data privacy regulations.

Production capture that makes sense

Processes large volumes with smart scanning technology that streamlines operations
